

COURSE OVERVIEW

The CIC Hands on 2D/3D-Trans-Esophageal Echocardiography Live Training Course with live hands-on session on Philips workstations

This course includes live scanning sessions with expert guided hands-on sessions on workstations.

WHO SHOULD YOU ATTEND

This activity is designed for cardiologists, cardiac surgeons, interventional cardiologists, anesthesiologists, sonographers, who require advanced training, and for those who want to understand the added value of 3D echocardiography to understand the anatomy and pathophysiology in various heart diseases and guide surgical and interventional procedures.

LEARNING OBJECTIVES

This course aims to offer a comprehensive theoretical and practical approach to 2D/3D-Trans-Esophageal Echocardiography:

- 2D/3D-Trans-Esophageal Echocardiography in different diseases
- 2D/3D-Trans-Esophageal Echocardiography in structural interventions
- TEE simulator (Hands-on): 2D/3D-Trans-Esophageal Echocardiography (Step-by-step)
- 3D-Echocardiography (Hands-on): Cropping & display (Philips Echo machine)
- Offline analysis (Hands-on): advanced analysis of 3D Echo and Speckle tracking

PHILIPS

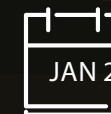

The CIC Hands on 2D/3D-Trans-Esophageal Echocardiography Live Training Course with live hands-on sessions (TEE simulator)

Jan 26-27 Dubai, UAE

JAN 26-27, 2024

DUBAI

CONFERENCE DETAILS

LOCATION

Dubai, UAE

Follow us on twitter for more details concerning the venue

EVENT FEES

Through 24 Nov 2023
Physicians & Sonographers AED 2500

After 24 Nov, 2023 until Jan 26, 2024
Physicians & Sonographers AED 3000

ACCREDITATION

British Society of Echocardiography
Endorsement Accredited
Course: 6 BSEs

SEATS

Limited seats available

FOOD AND BEVERAGES

Snacks, coffee, and lunch are offered

PARKING

Valet parking available

SCIENTIFIC & PRACTICAL HANDS-ON PROGRAM

Friday Jan 26, 2024

08.30-09.00	Registration/ coffee/ snacks
09.00-09.45	Basics of 3D-TTE (Live demonstration)
09.45-10.45	Parallel Hands-On session (1)
10.45-11.00	coffee Break
11.00-11.45	Basics of 2D-Trans-esophageal echocardiography
11.45-13.15	Parallel Hands-On session (2)
13.15-14.15	Lunch/prayer
14.15-14.45	2D/3D-TEE in Mitral Regurgitation
14.45-15.15	2D/3D-TEE in mitral stenosis
15.15-15.45	2D/3D-TEE in Aortic Valve disease
15.45-16.00	Coffee
16.00-17.00	Hands-On session (3)

Saturday, January 27, 2024

08.30-09.00	Registration/ coffee/ snacks
09.00-09.30	Strain imaging (concept & clinical applications)
09.30-10.00	2D/3D-TEE in prosthetic valves/PVR
10.00-10.30	2D/3D-TEE in ASD/Closure
10.30-10.45	Coffee Break
10.45- 12.15	Hands-On session (4)
12.15- 13.15	Lunch /Prayer Break
13.15-13.45	2D/3D-TEE in TAVI
13.45-14.15	2D/3D-TEE in LAA closure
14.15-14.45	2D/3D-TEE in MitraClip procedure
14.45-15.00	Coffee Break
15.00-16.00	Hands-On session (5)

KEYNOTE INSTRUCTOR

DR. HANI MAHMOUD-ELSAIED
MBBCH, MSC, MD, FESC, FASE,
FEACVI

CONSULTANT
ECHO-CARDIOLOGIST, ASWAN
HEART CENTRE, MAGDI
YACIOUB FOUNDATION, EGYPT
MEDICAL DIRECTOR, CARDIAC
CENTER, CIC CARIO, EGYPT
